Certified Schedules

In the past, the International Institute for Learning, Inc. (IIL) certified student schedules as part of our Orange Belt certification program. A number of individuals and organizations have been kind enough to allow us to share their certified schedules with you.

You'll find several different ZIP files of schedules available for downloading. Each file contains the certified schedules for a particular industry. Feel free to download as many as you want to explore.

The files are a selection of excellent schedules that have proven valuable to the individuals who created them and to their organizations. These schedules were selected because:

♦ They have passed the (former) IIL certification requirements
♦ They meet the standards of our best practices checklist
♦ They represent a wide variety of projects and industries
♦ They may have value for you personally for your own projects

We wish to extend a special thank you to all of the individuals and organizations that were kind enough to share their schedules with us and with you. They provide insight into how the corporate world uses Microsoft Office Project to deliver their projects successfully.

See the next table with all the names of the individuals, the names of their organizations (if allowed) and the name of the mpp file. They are all Project 2003 files.

♦ Automotive Certified Schedules
♦ Construction Certified Schedules
♦ Home Certified Schedules
♦ New Product Development Certified Schedules
♦ Plant Development and Maintenance Certified Schedules
♦ Project Management Certified Schedules
♦ Regulation Implementation Certified Schedules
♦ Software Development Certified Schedules
♦ Software Implementation Certified Schedules
♦ Training and Organizations Certified Schedules

CREATOR	FILE NAME
Automotive Projects	
Aytekin Bozkan	Aytekin Bozkan – TEHCM DV testing Automotive parts
Patty Amsden EPW, Inc., USA	Patty Amsden – Dew Model
Carl Koerschner Simpson Industries, Inc., USA	Carl Koerschner – Steering Knuckle Design
Steve Magee Dura Automotive, USA	Steve Magee – Recliner
Construction Projects	

CREATOR	FILE NAME
Sandra J. Perko GS XXI, Inc.	Sandy Perko – Expansion of Suite101a
